**Product code:** 7883

**Sector:** Industrial

**Issue No:** 4

**Issue Date:** 12/12/24

## MILLQUENCH AC 30

An accelerated quench oil based on solvent refined mineral base oils and additives ensuring optimum performance and speed of quench.

### Application

Used for accelerated quenching applications where modified hardness or depths of quench are desirable.

### Features & Benefits

- Uniform quenching characteristics providing a consistent performance level.
- High oxidation resistance and thermal stability providing a long life and economy in use.

### Typical Characteristics

Density @ 15°C, g/ml	0.85
Kinematic Viscosity @ 40°C, cSt	28
Flashpoint, °C	232
Maximum cooling rate, °C/sec	71
Temp @ max cooling rate, °C	539
