

TECHNICAL DATA SHEET

Product code: see below table **Sector:** Industrial **Issue No:** 4 **Issue Date:** 16/04/25

MILLWAY RANGE

The Millway range is a blend of selected base stocks, anti-wear technology, with the inclusion of a tacky adhesive additive. Making it suitable for both horizontal or vertical slides and ways

Application

Use as received for the lubrication of slide ways where smooth, stick-slip-free performance is required or where a tacky adhesive lubricant is required.

Features & Benefits

- High lubricity prevents stick-slip of slide ways.
- Outstanding anti wear and anti corrosion properties.
- Non drip formula highly suitable for the lubrication of vertical surfaces.
- Careful selection of viscosity means hydraulic performance can be achieved.

Typical Characteristics

Millway	32	46	68	100	150	220
Density @ 15°C, g/ml	0.860	0.865	0.877	0.885	0.899	0.903
Kinematic Viscosity @ 40°C, cSt	32	46	68	100	150	220
Pour Point, °C	-15	-15	-15	-15	-15	-6
Flash Point, °C	195	200	210	220	220	230
Health & Safety/Product Code	5180	5310	5183	5210	5186	5301
