

Product data sheet

PRODUCT NAME/VISCOSITIES: Ginetta Tech by Millers Oils 75w90 Gear Oil

DATA SHEET NO: 8108 DT: 30/07/21

DESCRIPTION:

A fully synthetic motorsport gear oil that protects the gear teeth at low start up and high running temperatures. This gear oil includes a triple ester formulation that works synergistically for optimised film strength and anti-wear protection.

APPLICATION:

As approved, specified and designed for the Ginetta G40 Race Car differential and gearbox and the G55 Race Car gearbox.

Note: Not suitable for plate type limited slip differentials, instead use Ginetta Tech by Millers Oils LS 75w 90 (Part Code: 8107).

USER BENEFITS:

Fully Synthetic Triple Ester Technology Oil provides:

- Exceptional cold flow properties for easier gear changes.
- Fast lubrication flow to component extremes on start up.
- Very good oxidation resistance and superior thermal stability.
- Low friction/low drag formulation to help reduce operating temperatures.
- High film strength for maximum component protection.
- Significantly reduces friction, temperature, wear and minimises power loss.

TYPICAL CHARACTERISTICS:

SAE Viscosity Grade 75w90
Specific Gravity @ 15°C 0.856
Kinematic Viscosity @40°C 113 cSt
Kinematic Viscosity @100°C 16.5 cSt
Brookfield Viscosity @ -40°C 60,000 mPas
Viscosity Index 158

HEALTH AND SAFETY:

Health and Safety Data Sheet 8108 applies to this product. When used for the purpose recommended and with due regard to the appropriate Health and Safety Data, the product should cause no concern. If in doubt, consult with Millers Oils Technical Department.
